

Dear St. Mary's and Appleton Parishioners,

Thanks to all who have taken the time to get your photos for the Parish Directory.

This is a huge help to the priests but to each of us in the community. I know how it is time consuming and humbling to sit for photos. But, if you are not in the directory, we miss your picture and it is harder for all of us to connect with you. If you can't make a sitting, then please submit one of your own photos - drop it by the rectory or email to st.marysdavidcity@gmail.com. God bless our committee all who have helped with this project.

Fr. Brian Connor
